

Pre-K 2 Newsletter

May 6th – 10th

We had an awesome week!

This week we started talking about flowers. We learned that flowers start out as tiny seeds that you can plant. We also learned that they need water and sunlight to help them grow.

The kiddos enjoyed making all our crafts this week. We made rainbow flowers, sun catchers, fingerpainted dandelions, and we also used flowers to paint beautiful collages.

On Monday, the kiddos were surprised to see our new addition of caterpillars in the classroom. We can't wait to see them turn into butterflies.

During Music, Miss Katie taught us a fun Mother's Day song. We also had fun using rhythm sticks to tap to the "ABC's".

On Thursday, the kiddos were excited for our Mother's Day celebration. They did an awesome job singing to all their mommies!

Some of the stories we read this week were: The Tiny Seed, I Have a Garden, Planting a Rainbow, What Happens Next, and Maisy Goes on a Nature Walk.

This month we will be learning about the color pink, and the octagon shape.
