

Pre-K 4 Awesome News!

January 6th-10th

This Week

We had a super fun week learning about the letter 'S'. This week we read My 'S' Sound Box, sorted pictures that started with 'S', sang along to our 'S' poem, and completed our letter 'S' Starfall. The kiddos are doing a great job learning their letters. This week we started learning about numbers. For each number we will learn how to write, spell, count and do tally marks for that number. We will also learn how to use a ten frame and identify the number on a dice and play card. This week, we learned about numbers 1 and 2.

Throughout the week, we learned all about winter and snow! During our craft time, we had fun making different types of snowflakes using paper, glue and glitter. On Wednesday, we had a lot of fun working together to make winter slime! On Thursday, we read the story The Colorful Snowman. After we read the story, kiddos used oil pastels to draw different colored snowflakes and use different patterned circles to build a one-of-a-kind unique snowman of many colors!

On Monday, Miss Katie came in to sing and dance with us. We had fun singing her new arctic animal songs and playing with her snowballs.

During our center time, we had an 'arctic-blast' playing in all our new arctic centers. We had fun using the big blue Legos and blocks to build igloos, throwing snowballs, exploring in the winter sensory bin and dressing up in hats, scarves and gloves.

Looking Ahead

- January 20th**
MLK Jr. Day
NO AFTER SCHOOL
- January 31st**
Hawaiian Day
- February 5th**
100th Day of School
- February 5th**
Open House
NO AFTER SCHOOL
- February 7th**
Aquarium Field Trip
NO AFTER SCHOOL

Looking Ahead

We will be learning about the Arctic.
