

Pre-K Awesome News!

February 26th-March 1st

This Week

We had an awesome week learning about the letter 'A'. Throughout the week we practiced making both the short and long 'A' sound as we read My 'A' Sound Box, sorted pictures from our own 'A' box, sang along to our 'A' poem, and watched the Sesame Street 'A' Podcast. This week we also learned about the numbers 7 and 8.

This week we ended our unit on the ocean. Throughout the week we read the stories Ocean Adventure and Can You Tickle a Turtle. During our craft time we had fun making our very own 3d coral reefs using recycled materials (pool noodles, pipe cleaners and straws), we also had the chance to make a sparkly sea turtle!

During our story time we read The Rainbow Fish and many other stories about Rainbow Fish that taught us how to share, work together and play nicely. For a special craft to remind us of all of Rainbow Fish's lessons we had the chance to color our own Rainbow Fish and add on many 3D scales and a one special sparkly scale.

Throughout the week we had fun playing in our ocean centers. We explored in our pirate sensory table filled with gold, gems, jewelry, sand and shells. We built coral reefs for all the animals to live in and fished for letters!

Looking Ahead

March 4th-8th

Dr. Seuss Week

March 15th

Bowling Field Trip

NO AFTER SCHOOL

March 29th

Good Friday

No School

Next Week

Next week we will be learning about

Dr. Seuss.

Letter of the Week
