

Pre-K 2 Newsletter

January 29th – February 2nd

We had an awesome week!

This week we talked all about the arctic and how cold it is there. We had so much fun learning about the different animals that live in the arctic. We also talked about Groundhog Day and what it means if he doesn't see his shadow. :)

During circle time, we had a blast pretending to be penguins by dancing to the song,
" I am a Little Penguin"

For our fine motor crafts this week, we made snowy owls, igloos, penguins, arctic foxes and a groundhog.

On Monday, Miss Katie came in for Music. The kiddos were excited to play the bean bag game with her. We had to try to hold the bean bag on different parts of our bodies while dancing around the classroom. The kiddos did a great job!

On Wednesday, we had fun playing in our teddy bear matching center with Miss Ilia and Charlotte.

Some of the stories we read this week were:

Arctic Fox, Snowy Owl, One Snowy Day, Never Touch a Polar Bear, and Groundhog Day

This month we will be learning about the color purple and the heart shape.
