

Pre-K 2 Newsletter

May 20th – 24th

We had a great week!

This week we learned about different plants and how they grow!

For craft time, the kiddos were excited to plant their own seeds into cups. First, we added the soil. After the soil was in the cup, the kiddos each got a chance to add seeds and water. We are looking forward to keeping them in our classroom for a little while as we watch them grow into colorful flowers.

The kiddos were also excited to watch as we released our butterflies this week. We enjoyed watching them grow from tiny eggs to caterpillars then into their chrysalis and out as beautiful butterflies.

On Monday, Miss Katie came in for music. We sang songs and danced to our rocket ship song. The kiddos did a great job!

On Thursday, we were excited to go outside with Miss Kayla for Acro.

Some of the stories we read this week were: Planting the Wild, Flowers, Seed to Sunflower, Ten Seeds, and The Tiny seed.

This month we will be learning about the color pink, and the octagon shape.
