Pre-K Awesome News

This Week

We had an awesome week learning more about the letters 'K' and 'L'. Throughout the week we read Kangaroo Kazoo and The Lamb Who Loved to Laugh. We had fun seeing all the different color kazoos the kangaroo's had (while playing our own new kazoos) and learning the lesson that Lulu Lamb learned; don't laugh at your friends. The kiddos enjoyed singing along and dancing to our Storybot songs for each of the letters. We also learned about the number 18!

This week our focus was on the life cycle of a butterfly. We learned that butterflies start off as tiny eggs, grow into caterpillars, make themselves a chrysalis, and metamorphosize into beautiful butterflies. The kiddos are loving seeing this process unfold live in our classroom with REAL caterpillars! We have watched them grow all week and they are starting to build their chrysalis. During our gross motor time we had fun pretending to act out the stages of the butterfly's life cycle using scarves!

In Art Class we finished up our last art project before the Art Show Ice Cream Social Fundraiser on May 23rd. Miss Bonnie taught us about Jackson Pollock who was a famous painter. The kids loved getting messy throwing paint just like he did!

On Friday, we celebrated Mother's Day with our moms and grandmas. We had fun working together to make a beautiful luminary, listening to a story, having a snack and sing our special song to our moms! Happy Mother's Day to all our marvelous moms!

Looking Ahead

May 15th

Sidway Field Trip

May 23rd

Art Show Ice Cream

Social Fundraiser

6pm-7:30pm

NO AFTER SCHOOL

Next Week

Next week we will be learning about frogs and jungle animals.
