November 27th – December 1st

We had a great week!

This week we talked all about bears. We learned how bears hibernate in the winter and how hungry they might be when they wake up from their long nap. We also talked about what bears eat. We found out they like berries, honey, bugs and sometimes rotten trees.

For our fine motor crafts this week, we made sleepy bears, bear ears and bear paws. We also made brown cardboard tube bears.

During social skills this week, Miss Fran worked with the kiddos making Christmas wreaths to share with the other classrooms. The kiddos did a great job and loved giving our other friends a special decoration to hang up.

Miss Ilia and Charlotte came in to visit this week. We had fun playing in our vet center with them. The kiddos did a great job giving Charlotte a check-up.

Some of the stories we read this week were:

Brown Bear, Brown Bear What Do You See, Shh! Bears Sleeping, Bear About Town, We're Going on a Bear Hunt, and Cuddly Bear.

This month we will be learning about the color blue and the star shape.
