# Pre-K 4 Awesome News!

## This Week

We had an amazing week learning all about shapes! This week we read the story Shape Song Swingalong. In the story we learned about what we can make with different shapes and lines! We had fun singing along to the song every day! During circle time we learned about squares, rectangles, triangles and circles! It was so much fun getting to use our bodies to build each shape with our friends.

This week during craft time we used foam blocks as stampers with paint to make a shape collage. We also began work on an art project for the art show....shape robots!!! This week we had the chance to practice with scissors. We learned that we hold scissors with our thumbs up and pointing away from our body. After we read the story Snippets, we snipped different shapes of paper to make our own unique snippet collage.

Miss Katie came in to do music with us this week! We had fun singing and dancing to all of her fun songs! On Tuesday, Miss Erika came in for Kiddosizing! We had fun playing outside learning new songs and exercises to make our bodies nice and strong!

During our center time, we had fun coloring in shapes, decorating different types of lines with gems, building magnet robots, cooking in the kitchen and building with our giant Legos!

### Looking Ahead

9/23-9/27  
Color Week!

9/27  
Picture Day

### Next Week

We will be learning about colors.
