

June 10th-14th

Pre-K Awesome News

This Week

We had a great week learning more about the letters 'U' and 'V'. This week we read the stories Umbrellabird's Umbrella and Vira Viper's Valentine. Throughout the week we sang along to the letter songs and StoryBots for each letter.

This week we continued learning about space. We learned about rocket ships and even took an adventure into space with Miss Fran. We used our imagination along with Greg and Steve's "Adventure in Space" to blast off into space, float around avoiding asteroids and finally flying back to Earth where everyone was celebrating our return.

During our last art class Miss Bonnie showed us new techniques to make an end of the year gift for our families.

On Friday, we celebrated Flag Day. We had fun listening to patriotic songs and making red, white and blue bracelets and necklaces.

On Friday, we also celebrated Father's Day. We loved listening to a story, singing our Father's Day song and having a tasty donut treat with our dads.
